FROM THE CHOISEUL 100 AFRICA TO THE CHOISEUL AFRICA SUMMIT MEETINGS

In 2014, the Institute Choiseul, led by Chairman Pascal Lorot published the first edition of the **Choiseul 100 Africa**, that ranks the African economic leaders of 40 and below. Ever since, our unique ranking has dedicated its energy selecting the **200 most successful African economic leaders** of their generation, and reward their part in the economic rise of this ever changing continent.

In **June 2015**, the Institute set in motion the Choiseul Africa Summit in Paris, the next editions took place in Marrakech, once again in Paris in 2016 and in Cairo and Algiers in 2017. Those events are a chance for these African leaders and the highest economic and political leaders of Ivory Coast and Africa to meet and exchange. **They are the perfect occasion for Europe and Africa to form a new kind of constructive, independent bonds so that we all can benefit from a shared growth.**
